

Executive Summary School Accountability Report Card, 2011–12

For Lincoln Elementary

Address:	225 11th St., Oakland, CA, 94607-4409	Phone:	(510) 874-3372
Principal:	John Melvin, Principal	Grade Span:	K-5

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of information related to individual public schools. Most data presented in this report are reported for the 2011–12 school year. School finances and school completion data are reported for the 2010–11 school year. Contact information, facilities, curriculum and instructional materials, and select teacher data are reported for the 2012–13 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

A school that is hard at work!!! Lincoln School, a K – 5 public elementary school is located in the midst of the bustling activity and busy industry of Chinatown in downtown Oakland. A large percentage of the student population comes from homes where a language other than English is spoken. The largest number of English Learners speak Cantonese. Lincoln School receives Title I funding, but despite the parents' income level and second-language needs, Many factors have led to Lincoln's success most significantly a partnership between students, families and school staff. Our teachers have grown to implement many best practices including professional learning communities (PLC's), standards based instruction, critical thinking and student engagement strategies. High expectations abound at Lincoln and students work hard to live up to this high standard of academic excellence.

School Accountability Report Card

Reported Using Data from the 2011–12 School Year

Published During 2012–13

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

Ed-Data Partnership Web Site

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California's public kindergarten through grade twelve school districts and schools.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2011–12)

A school that is hard at work!!! Lincoln School, a K – 5 public elementary school is located in the midst of the bustling activity and busy industry of Chinatown in downtown Oakland. A large percentage of the student population comes from homes where a language other than English is spoken. The largest number of English Learners speak Cantonese. Lincoln School receives Title I funding, but despite the parents' income level and second-language needs, Many factors have led to Lincoln's success most significantly a partnership between students, families and school staff. Our teachers have grown to implement many best practices including professional learning communities (PLC's), standards based instruction, critical thinking and student engagement strategies. High expectations abound at Lincoln and students work hard to live up to this high standard of academic excellence.

Opportunities for Parental Involvement (School Year 2011–12)

The parent community supports the school in several understated, but critical ways: sending their children to school everyday, ensuring that homework is a priority, respecting and working in partnership with school staff, and fundraising to help support enrichment activities. In recent years, parents sponsored reading and science events for the students and hosted a teacher appreciation luncheon. Parents are becoming increasingly involved in school governance as well, being elected to and participating in the School Site Council. For the fifth year we have engaged a Family Liaison to our staff that has provided friendly access to school information, meetings, and events to parents. We have also brought in support programs for immigrant parents and caregivers and family support for parents of low-achieving students.

PARTNERSHIPS AMONG SCHOOLS, PARENTS, AND COMMUNITIES. Lincoln School has a variety of community partnerships that support students and their families. Among these are: Asian Pacific Psychological Services, Asian Mental Health, and Asian Health Services. Access to these providers is coordinated by the Lincoln Services Team Coordinator, who is also our Parent Liaison. Referrals are also often made by our psychologist or teachers. Enrichment opportunities are provided the Oakland Cultural Arts and the school district's use of Measure E funds. Together they support our unique Chinese music program in which all 3rd, 4th, and 5th grade students are introduced to the use of traditional instruments. The Lincoln School musicians are a well known group and play for many civic occasions. The Wa Sung Service Club also provides enrichment.

Teaching the "whole child" has been a goal of Oakland Asian Students Educational Services (OASES) and Passport. In partnership, the resources and goals of Prop 49 and ASES and effective implementation by OASES have worked to establish an outstanding after-school program which provides both enrichment and reliable and valuable after-school tutoring. OASES

provides an invaluable service in coordinating hundreds of volunteers every week to provide a 1:5 ratio of adult to students for homework and academic support. Under-performing students are targeted for participation. OASES is a critical link to our students' success. Passport is a similar program which is operated in partnership with the City of Oakland's Department of Parks and Recreation. While OASES focuses on providing support to students in grades 3 to 5, Passport offers a parallel program to grades K to 2. In partnership our goal is to have every child read on grade level by second grade.

III. School Climate

School Safety Plan (School Year 2011–12)

The school reviewed, revised and submitted to the Board in 2011-12 an updated Safety Plan that included: school site safety programs, procedures for complying with school safety laws, and Disaster/Emergency/Crisis Response procedures.

Attendance: Our goal continues to be a consistent 99% attendance rate. The SART committee has been active this year with five SART meetings held. Successful contracts have been fulfilled by parents, students, and the school. SART referrals were forwarded to the SARB with subsequent success in the tardiness of three children.

Suspensions and Expulsions

Rate*	School 2009–10	School 2010–11	School 2011–12	District 2009–10	District 2010–11	District 2011–12

Misassignments of Teachers of English Learners	0	0	
Total Teacher Misassignments*	0	0	
Vacant Teacher Positions	0	0	

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Core Academic Classes Taught by Highly Qualified Teachers (School Year 2011–12)

The Federal Elementary and Secondary Education Act (ESEA), also known as No Child Left Behind (NCLB), requires that core academic subjects be taught by Highly Qualified Teachers, defined as having at least a bachelor's degree, an appropriate California teaching credential, and demonstrated core academic subject area competence. For more information, see the CDE *Improving Teacher and Principal Quality* Web page at:

<http://www.cde.ca.gov/nclb/sr/tq/>

Location of Classes	Percent of Classes In Core Academic Subjects Taught by Highly Qualified Teachers	Percent of Classes In Core Academic Subjects Not Taught by Highly Qualified Teachers
This School	100.00%	0.00%
All Schools in District	93.81%	6.19%
High-Poverty Schools in District	93.71%	6.29%
Low-Poverty Schools in District	97.79%	2.21%

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 25 percent or less in the free and reduced price meals program.

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2011–12)

Title	Number of FTE* Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	0	
Counselor (Social/Behavioral or Career Development)	0

Psychologist	0	
Social Worker	0	
Nurse	0	
Speech/Language/Hearing Specialist	0	
Resource Specialist (non-teaching)	3	
Other	21	

Note: Cells shaded in black do not require data.

* One Full-Time Equivalent (FTE) equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time.

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2012–13)

This section describes whether the textbooks and instructional materials used at the school are from the most recent adoption; whether there are sufficient textbooks and instruction materials for each student; and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Year and month in which data were collected: October 2012

Core Curriculum Area	Textbooks and instructional materials/year of adoption	From most recent adoption?	Percent students lacking own assigned copy
Reading/Language Arts	2000	Yes	0%
Mathematics	2009	Yes	0%
Science	2007	Yes	0%

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2010–11)

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic / Unrestricted)	Average Teacher Salary
School Site	\$6,416.68	\$3,663	\$4,927	\$62,657
District			\$6,808	\$54,035
Percent Difference – School Site and District			-27.63%	16%
State			\$5,455	\$68,835
Percent Difference – School Site and State			-10%	-9%

Note: Cells shaded in black do not require data.

Supplemental/Restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. **Basic/unrestricted** expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.

For detailed information on school expenditures for all districts in California, see the *CDE Current Expense of Education & Per-pupil Spending* Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the *CDE Certificated Salaries & Benefits* Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Types of Services Funded (Fiscal Year 2011–12)

This school strategically allocates its resources to support professional development for teachers and inside and outside of classroom intervention and extracurricular opportunities for students. Specifically, the school served 182 students in the after school programs, worked with OASES, and has a part time site coach for EL.

Teacher and Administrative Salaries (Fiscal Year 2010–11)

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$39,456	\$41,455
Mid-Range Teacher Salary	\$54,328	\$66,043
Highest Teacher Salary	\$70,934	\$85,397
Average Principal Salary (Elementary)	\$84,669	\$106,714
Average Principal Salary (Middle)	\$85,411	\$111,101
Average Principal Salary (High)	\$86,249	\$121,754
Superintendent Salary	\$265,000	\$223,357
Percent of Budget for Teacher Salaries	29.00%	39.00%
Percent of Budget for Administrative Salaries	7.00%	5.00%

Note: For detailed information on salaries, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

California Physical Fitness Test Results (School Year 2011–12)

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE *PFT* Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE *API Web page* at <http://www.cde.ca.gov/ta/ac/ap/>.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools' API ranks. The **statewide API rank** ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state.

The **similar schools API rank** reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2009	2010	2011
Statewide	10	10	10
Similar Schools	10	10	10

Academic Performance Index Growth by Student Group – Three-Year Comparison

Students with Disabilities			

Note: "N/D" means that no data were available to the CDE or LEA to report. "B" means the school did not have a valid API Base and there is no Growth or target information. "C" means the school had significant demographic changes and there is no Growth or target information.

Academic Performance Index Growth by Student Group – 2012 Growth API Comparison

This table displays, by student group, the number of students included in the API and the 2012 Growth API at the school, LEA, and state level.

Adequate Yearly Progress

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE *AYP Web page* at <http://www.cde.ca.gov/ta/ac/ay/>.

Adequate Yearly Progress Overall and by Criteria (School Year 2011–12)

AYP Criteria	School	District
Made AYP Overall	Yes	No
Met Participation Rate - English-Language Arts	Yes	Yes
Met Participation Rate - Mathematics	Yes	Yes
Met Percent Proficient - English-Language Arts	Yes	No
Met Percent Proficient - Mathematics	Yes	No
Met API Criteria	Yes	Yes
Met Graduation Rate	N/A	No

Federal Intervention Program (School Year 2012–13)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web page*: <http://www.cde.ca.gov/ta/ac/ay/tidetermine.asp>.

Indicator	School	District
Program Improvement Status	Not in PI	In PI
First Year of Program Improvement		2004-2005
Year in Program Improvement		Year 3
Number of Schools Currently in Program Improvement		84
Percent of Schools Currently in Program Improvement		63.6%

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Many of the Lincoln staff received advanced training in implementation of the Open Court Reading Program during the summer of 2006. Since then, the entire staff has met on Wednesdays to discuss curricular issues. Professional Development has included intense focus on data analysis and then grade level discussions on strategies that will meet the students' needs and facilitate their success. Staff engages regularly in Results Based Inquiry during which they examined benchmark data and focused on how to bring all to students to benchmark and on how to bridge the achievement gap of sub groups. Professional development has also included time for focused attention to teacher guides and program resources to support English Language Development and Academic English Development. Currently, grade levels are examining grade level standards during off hours. Teachers have made this commitment to gaining expert knowledge of the standards and linking those standards to OCR comprehension strategies. Consultants have been hired to strengthen our effectiveness in writing, in math, and the use of technology.

There are 3 full days a year for professional development and an hour and a half each Wednesday.
